

IMT Courses

Essential:

Any course related to the preparation for the MRCP is considered essential. Please note that courses in excess of £700 need authorisation from the IMT TPDs. Only one higher cost course will be approved per stage of the MRCP examinations.

Desirable:

Desirable courses are determined on an individual basis depending on the trainee's PDP and following discussion with their educational supervisor. Courses costing greater than £700 will not be approved for funding unless in exceptional circumstances.
