

PSWS Educator Support

One to one coaching

From September PSWS will be offering **one off, one to one coaching sessions for Educational and Clinical supervisors** of doctors in training across **Thames Valley and Wessex**. These coaching sessions are an opportunity to take some time and space to explore an issue arising. This may be related to **supporting a trainee** but it may also be **career decisions, well-being, work-life balance, development as a leader** or any **other specific concern** that an in depth coaching conversation might help progress things to find the next steps.

There is a **limited availability** for these sessions each month, these will be allocated on a **first come first served basis** and a **waiting list** will be held. The only exception to this would be if the educator were currently working with a trainee who is requiring a significant amount of additional support. In this instance, the individual may be prioritised.

To register for a coaching session please go to our [website](#).
